

Neller Connect is a specialist provider of EDI (EZYB2B) and Price Catalogue (EZYPRICAT) software solutions

EZYB2B is an XML-centric, fully functional document transformation and transport management system with a wide range of implementation options.

CUSTOMER COMMENTS

"Neller Connect have provided excellent service to assist us in establishing new direct trading relationships with our suppliers and customers. We can thoroughly recommend their software and services."

Remmon Roque, IT Manager, Heatcraft Australia

"The overall service provided by Neller Connect has been very impressive and their fixed price subscription fee model is very attractive. We are pleased with our decision to change over to them."

John McKillop, IT Manager, Sylvania Lighting Australasia

"We have found Neller Connect to be extremely flexible and responsive to our requirements. We can highly recommend them as experts in their field."

Michael Zabala, IT Administrator, Heldon Products Australia

"Implementing EDI with our first major customer has been a painless and efficient process, thanks to the skill and focus of the Neller Connect team."

Andrew Shannon, Financial Controller, Angelakis Bros.

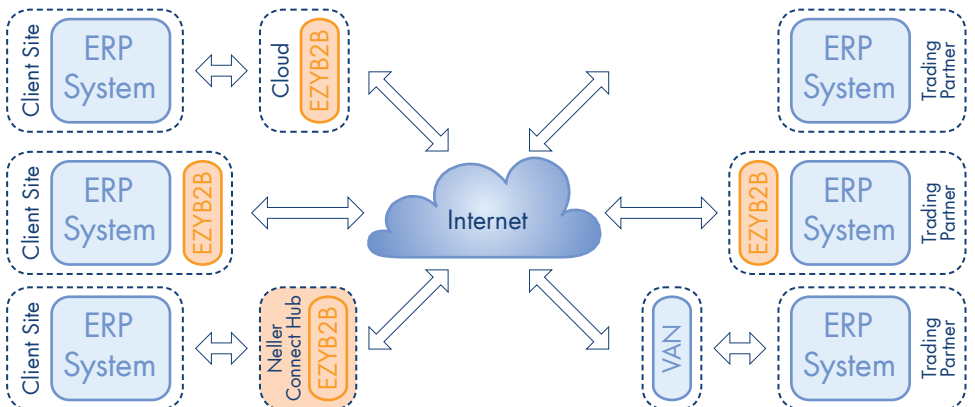

Unhappy with your present EDI service or cost? If you are then please contact: info@nellerconnect.com.au
